

## Gay chavs get it on

Sunday, 20 December 2009

2 gay chavs go at it in a new video on BlakeMason.com. Young, cheeky, Essex guy, Harrison, gets fucked by ever-ready (and always hard) Adam, who's pretty much become the face of Blake Mason, what with starring in 38 gay porn movies on the site! (The video where well-nice Adam fucks scally porn star Kai's brains out is still one of the hottest things I've seen).

Harrison and Adam look kind of similar, so when they 69 it looks like you watching it in a mirror!

What I love about the chav porn on BlakeMason.com is that the guys are always really into it, not just thinking of the cash, but really up for fucking each other, and the gay sex is usually natural and proper horny.

I think there's some real competition between these two chavs, each lad working hard to turn on and please the other one - the kissing at the beginning might be a bit girly, but the sucking and fucking is nice and hard - just like their chav cocks!
