

Naked scally lad Bobby

Those scally lad lovers at Britblokes had tried everything to get 19 year old scally Bobby to pose for them for months but this fucking fit scally lad was always unwilling because he said wanking off in front of a couple of blokes was "too gay". However, he needn't have worried about appearing in his first gay scally porn because he did the whole naked picture shoot without any problems at all. He seems to have a constant surprised look on his face but I think that just adds to his charm. [Click here to watch Video](#)

Bobby has the fittest body and a perfect dick, at least 8" of thick, scally cock, and when this naked scally lad is hard, he's a natural wanking off for the camera.

His greatest pussy fantasy is to be surrounded by 10, yes 10! birds gagging for his scally cock; that's some fantasy Bobby. He doesn't know for sure if he could take on all 10 but he'd certainly give it his best shot! Bobby is a totally straight scally lad, but when he wanks his cock up into an absolutely enormous hard on you'll be gagging for more, and wishing you were gagging on that massiv scally cock!
